REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The 2007-2008 school year at B. D. Lee Elementary was focused on improving student achievement, character development, increasing school-home communications, and increasing our school absolute and improvement rating to the next level. In an effort to achieve these goals, teachers correlated standards to both instruction and assessment to increase student achievement. Dominie Assessment was utilized to provide Differentiation of Instruction and Reading Recovery was implemented to serve as one-on-one and small group early intervention. Emphasis was also placed on a school-wide character education broadcast and family-centered activities.

Our literacy and math coaches have continuously provided collaboration among teachers to assist with implementation of effective, research-based teaching strategies. Teachers have been assisted with testing analysis, alignment of standards, and differentiated instruction to allow students to excel in reading, writing, and math. Teachers engaged in technology staff development to learn to integrate technology lessons across the curriculum.

This year, Karen Martin received an EIA Grant, and Cindy Byars received an SCIRA Grant that provided materials in Math and ELA for our students. We have two teachers who are National Board Certified: Karen Henderson and Cindy Byars. Mary Starnes was selected as Teacher of the Year for our school. B. D. Lee received the South Carolina Red Carpet Award in recognition of its family-friendly atmosphere. B. D. Lee has received national recognition by making AYP (Adequate Yearly Progress) as required by the federal No Child Left Behind law.

Students participated in educational field trips to Riverbanks Zoo, Barnum & Bailey Circus, Spartanburg Arts Center, USC Upstate Science Fair, Outback Steak House, Nestle Corporation, and educational plays to enhance character education. Our business partner, Nestle, has provided a school/community partnership that has provided valuable experiences and opportunities for our students through Pen Pals, Nestle Buddies, and Role Model Readers. The Boys & Girls Club has provided youth development and core programs, such as character and leadership development, education and career development, health skills, the arts, fitness and recreation.

The School Improvement Council, PTO, teachers, and students have worked hard to make this a successful school year. Our parents, teachers, and students were very active in local fundraising, such as Jump Rope for Heart and Relay for Life. The PTO has taken on several Beautification Projects, such as the attractive landscaping that highlights the front of the building and two beautiful mural paintings within the school. The PTO has sponsored school programs, such as family night, student dances, scholastic school-wide book fair, teacher appreciation, PACT Day Celebration, field trips, and Awards Day to build communication between parents, teachers, and students. We are very thankful for the commitment and dedication of our PTO, teachers, students, and community members.
