## REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The 2007-2008 school year at Douglas Elementary began and ended with a positive feeling. We are well aware that we have a very diverse population at our school, but the faculty is willing to do whatever it takes to ensure that our students are getting the best classroom instruction. Although the rigor of the No Child Left Behind Act (NCLB) is challenging, the faculty and staff at Douglas are working hard to ensure that our students are not going to be left behind.

It gives me great pleasure to serve as principal of Douglas Elementary. Our students are our business and their success is our goal. We strive to inspire and teach our students on a daily basis, while giving them the confidence that they can become and accomplish whatever they are focused on.

Our students experienced much success throughout the school year while also being exposed to some new activities that occurred on campus this year. One of our fifth grade students won the district's Lieutenant Governors Essay Contest; many students were on the A/B Honor roll for the entire year; we experienced our very first Vehicle Career Day, which was a success with local agencies volunteering their time to expose students to different careers; athletes from the local high school football team assisted with Red Ribbon Week; our students participated in Pennies for Patients; and local government officials visited students in the classroom.

The foundation of our schools rests on the shoulders of our teachers; when they apply themselves above and beyond the call of duty, the results are evident in our students. Many teachers are currently working on post graduate degrees, many more attended conferences, several applied for grants while receiving exposure on the local news, and one of our teachers started the first local reading council within the district. In order to provide our students the best instructional practices, we must continue to analyze our curriculum as well as analyze our classroom instruction. While in the process of doing the aforementioned, the teachers are willing to do whatever it takes to ensure that our students are successful.

Our parents, community members, and the district staff have all played a major role in helping Douglas strive towards excellence. Many improvements have been made, and we are a committed staff that will work together to improve our school. Please continue to support Douglas Elementary and our efforts in moving from a good school to a great school!
