Report of Principal and School Improvement Council

The Swansea High School community works collaboratively to achieve excellence in academics, the arts, athletics, and responsible citizenship. The primary focus of our daily work is to ensure student performance at the highest level in all areas. The faculty and School Improvement Council implemented strategies from our five-year strategic plan to continue improvement in graduation rate, HSAP passage rate, End-of-Course passage rate, and school climate.

Strategies to improve academic achievement included the addition of more Advanced Placement courses to provide students the opportunity to receive college credit in courses requiring rigorous academic work. The summer credit recovery program extends the school year, allowing students additional time and support to achieve course standards. This program increased grade-level passage rate from 83% in 2007 to 85% in 2008. Additional instructional time in mathematics and English was embedded in the school day for all students in the freshmen academy to build a solid academic foundation for future success.

Swansea High School's accomplishments for the 2007-2008 school year include winning the third consecutive state title in the Ford AAA Automotive Competition. Our Health Science Technology program earned state certification as a Nurse Aide Training Site. The South Carolina Reading Initiative created a school-wide collaboration on the integration of reading and writing in all content areas. The class of 2008 received 2.3 million dollars in scholarships, with 32% of the seniors qualifying for either the Life Scholarship or the Palmetto Fellows.

Swansea High School continues the tradition of excellence in extracurricular and co-curricular activities, which are integral parts of a well-rounded school experience. Our fine arts department had the distinction of receiving a superior rating in chorus, a Class 5 Superior rating at Concert Festivals, and a 5th place finish in the State Marching Band Competition. Five athletic teams participated in the state playoffs during our first year competing in Class 3A. Four athletes medaled in the National Special Olympics games. The JROTC unit successfully competed in Drill and Rifle Team Competitions. In addition to team and organization recognition, numerous students were selected as All-Region, All-Area, and All-State performers. Several student athletes received scholarships to both two- and four-year learning institutions.

Future challenges include increasing student achievement in all content areas, increasing the graduation rate, and improving home/school communication. The staff at Swansea High School and the School Improvement Council look forward to working with students, parents, and the community to ensure all students achieve their full potential academically and as school citizens.
