SC PERFORMANCE GOAL

2010 Goal:

By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Battery Creek High School (BCHS), is one of the four public high schools in Beaufort County that is located in a rural area that is northwest of the city of Beaufort. Combined with pockets of 4x4 classes, we continue to operate predominately on an AB block schedule. Our basic structure is driven by career academies with a focus being placed on the selection of career majors.

For the second year in a row our Superintendent brought all school district employees together for a district-wide back-to-school rally. The excitement of this rally mirrored that of the 2007-2008 school year. All Beaufort County School District (BCSD) employees came together for a new year's welcome by our Superintendent and to witness the Superintendent's expression of appreciation for what they had done to positively impact the lives of students. Student groups throughout Beaufort County were invited to share their talents with those in attendance at this impressive event.

Our Leadership Team and all staff members implemented various practices of the High Schools That Work (HSTW) comprehensive school reform model. Character development and academic acceleration topped the major focus areas. It was our desire to build on the successes of the previous three years of progress in student achievement, especially in the area of performance on the High School Assessment Program (HSAP) Exit Exam. Meeting 16 out of 21 possible Adequate Yearly Progress (AYP) objectives reflected a slight decrease in student high-level performances when compared to the previous school year. To enhance the likelihood of renewing expected successes we continued to employ our quarterly celebrations of student achievement, rewarded teachers via an incentive plan, and offered extra help after school hours via our 21st Century Learning Center Grant. We also continued the execution of our Drop Everything and Do Math and Drop Everything and Read initiatives. In addition to this, we established an Advancement Via Individual Determination (AVID) program.

Our Dolphin Pride and SADD Clubs continued to demonstrate community service leadership throughout our district. Our MCJROTC program maintained its recognition as a flagship cadet training organization throughout our State, and our Interact Club continued to spearhead many blood drives. In the field of athletics, our girls and boys basketball teams were region champions (including a final four finish by our boys basketball team), our wrestling team maintained its top ten State status (and also had a final four finish), and several of our teams qualified for the State playoffs. We were also fortunate to have a nationally ranked student athlete crowned as a State Champion in the triple jump.
