SC PERFORMANCE GOAL

2010 Goal:
 By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:
 By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

St. James-Gaillard Elementary School has created a positive and enriching climate that holds true to its school vision: "We envision our school as a place of learning where all members are expected to plan, encouraged to dream, and inspired to reach beyond their goals." This expectation held true as we again launched the school year with the entire school family working together to write and reach a consensus on our expectations for the year. We continue to strive for excellence through goal setting, teamwork, hard work, and a vision for success.

We are a Title One School located in a rural area with 87.3% of our students receiving free or reduced meals. Our students continue to achieve academic and artistic gains in a positive and caring environment.

We are very proud to say that we continue to meet Adequate Yearly Progress (AYP), and the school received an Absolute Rating of Average on the 2009 School Report Card, despite rising criteria for determining ratings. Test scores continue to climb as instruction continues to be our major focus. Students are exposed to a rigorous curriculum for their grade level along with other enriching and challenging experiences.

During the 2009-2010 school year, our major curriculum focus was Literacy and Direct Instruction. Teachers were trained in the literacy program (SIPPS), Systematic Instruction in Phoneme Awareness, Phonics, and Sight Words. Every morning, we began our day with a writing block that flowed into "literacy." As a school, we saw great gains in performance. Direct Instruction helped to ensure that all students were instructed on grade level standards and according to their individual needs.

We continue to monitor and adjust our instructional program to meet the needs of all students. In so doing, we conduct curriculum, grade level, faculty, and learning community meetings, vertical team planning sessions, and student achievement goals meetings on a consistent basis.

For the continued development of the administrators and faculty, staff development sessions were well planned to meet the needs of our school. Staff members continue to attend graduate classes, in-services, workshops, and conferences to strengthen their instructional skills and increase their understanding of the South Carolina Curriculum Standards.

The support of an excellent PTO and School Improvement Council has continued to make SJG a school that is definitely on the road to success.
