Report of Principal and School Improvement Council

Berkeley Middle School (BMS) is a large, diverse middle school comprised of over 1,100 students. The staff has continued their efforts in creating a school environment in which students are challenged and valued as individuals in order to achieve their full potential. For example, BMS’s Single Gender Academy was nationally recognized for its impact on student achievement this year. Benchmark assessments and analyses in the core areas continue; the mentor program and club programs continue in order to instill a sense of support, ownership, and pride in the students. Teachers continue to utilize their classroom data to impact teaching and learning, and this has earned the school a well-deserved increase in report card ratings. We continue to self-examine and reflect on ways in which we can improve, and we do this under the Making Middle Grades Work Framework. We continued activities such as Renaissance Rallies, the Accelerated Reader (AR) Incentive Program, and awards ceremonies. In fact, we held our first talent show this year! Our teachers eagerly demonstrate commitment to professional growth and leadership, as they have been asked to present at several conferences this year, including district and state-level staff development opportunities. Additionally, we have worked on bridging the gap between middle school and the elementary feeder schools through many collaborative efforts. We want to ensure a smooth transition for students, and we want to make sure students are prepared for school beyond middle school. Students are showing their Berkeley pride in their participation in QUEST, Spelling Bee, and Robotics competitions. We also have many students participating in All County Chorus, Band, and Strings as well as All Region Fine Arts. We continue to offer a challenging curriculum with high school credit courses: Algebra I, Algebra II, English I, Spanish I, French I, and Keyboarding/Computer Applications. The Student Assistance Teams meet regularly to discuss how to better support our students in school. The ASSIST Lab has also been very beneficial for students who need remediation on specific standards throughout the school year. This lab and the assistance teams are just another way to demonstrate the belief that all students matter, all of the time, because failure is not an option!
