REPORT OF DIRECTOR AND SCHOOL IMPROVEMENT COUNCIL

The Darlington County Institute of Technology (DCIT) serves as the career and technology education center for the Darlington County School District. The DCIT serves students from Darlington, Hartsville, Lamar, and Mayo high schools in Darlington County. Seventeen programs of study are offered in accordance with standards set by the South Carolina State Department of Education. The DCIT is accredited by the Southern Association of Colleges and Schools (AdvancED). The DCIT is committed to providing students with the skills and knowledge necessary to pursue post-secondary education and to enter the workplace prepared and capable of performing the task that will be required of them.

The DCIT had 189 students earn four or more units in a program of study (completer), 11 students earned four or more units in two different programs of study (double completer), and 26 students were inducted into the National Technical Honor Society. The DCIT had 67 students earn Certified Nursing Assistant certification and 214 students earned OSHA 501 Safety Certification. Our students participated in DECA, HOSA, FBLA, FFA, PICA, and Skills USA events at the state level. On the national level we had students from DECA, FBLA, HOSA, and Skills USA participating and representing the DCIT, the Darlington County School District and South Carolina. All of the completers at the DCIT take the Workkeys assessment as part of their course requirements. More than 59% of our students earn Silver or Gold cards from the Workkeys assessment.

The DCIT continues to actively pursue industry recognized certifications in ASE, NIMS, AWS, and NCCER programs of study. We continually work with local industry to make sure we are teaching the curriculum that fits these industries.

We at the DCIT are always "leaping for success" to make sure our students rise to the level of excellence that is expected by the Darlington County School District and the people of Darlington County.

Gay Blackmon, Chairperson, DCIT Advisory Council
Bert Guerry, Director, DCIT
