## Report of Principal and School Improvement Council

AR Lewis Elementary is a student-centered Title 1 school that serves 251 diverse students from Kindergarten through grade five and is accredited by the Southern Association of Colleges and Schools. Our mission is to prepare students to become strategic readers, critical thinkers, and problem solvers to enable them to be successful beyond the classroom and participate in a global economy. Our vision is to create a culture that enables everyone to grow to greatness. Our focus continues to be student achievement, school climate/parent involvement, and teacher administrator quality. Student achievement continues to remain the top priority as teachers utilized a variety of instructional strategies to meet the needs of our students. Teachers meet weekly in Cluster groups to review student work, and review MAP and PASS results to plan differentiated instruction. Our character education program (PBIS) sets common positive expectations for the school and classroom. Tickets were given out for displaying appropriate expectations and students were able to trade them in each week for items in the school store. Through our Farm To School Grant and Fresh Fruits and Vegetables program we continue to promote a healthy school environment by providing students with locally grown fruit during the school day. Activities beyond the classroom continue to be a part of the instruction program at AR Lewis including: 21st Century After-School Bridge program, Safety Patrol, School Chorus, Jump Rope for Heart, Christmas Tree Lighting at Blue Ridge Electric, Christmas Concert, S&N Daily News Program, Good News Program, All Pro-Dad's, Parenting workshops, Mentoring Program, YAMS, Reducing & Recycling Program, and the Spring Fling. We have implemented several initiatives to guide, engage and connect the families and cultures of our school community. The school received four public relations awards for our initiatives to improve parent involvement and communication. Three of our students were state winners in state and nationally sponsored art competitions. Our active PTA, School Improvement Council and trained volunteers continue to support our instructional program. The faculty and staff work diligently to provide each student with a quality educational program. However, providing differentiated instruction to meet the needs of all learners continues to remain as a challenge. Our second challenge is to continue building a professional learning community without the resources provided from the Teacher Advancement Program.

## ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
