Report of Principal and School Improvement Council

Greenville High Academy of Law, Finance, and Business continues to advance the achievement of students in all instructional programs and to promote lifelong learning for all stakeholders. The school has served the educational needs of the Greenville Community with a rich tradition of academic, athletic, and artistic excellence since 1888. The 2011-2012 school year was one of many accomplishments that continued this rich tradition of excellence. Our magnet program offers students a unique and specialized program of study. Through the exploration of a wide variety of topics, students develop an understanding of our legal system and the world's financial and business markets. Business Week 2011, held last November, involved over fifty business partners who addressed individual classes and groups of students on a variety of topics related to the world of finance. Law Week 2011 featured the Honorable Alex Sanders as the keynote speaker. Additionally, over thirty area attorneys, law enforcement officials, and judicial experts visited classes and participated in panel discussions with students, faculty, and parents. We will continue to expand our magnet focus by offering innovative courses and job shadowing opportunities in the upcoming school year. Instructional efforts focused on continued alignment of state learner standards to the various assessments that students face – HSAP, ACT, PSAT, SAT, MAP, and End-of-Course testing. Benchmark testing provides data for instructional decision-making in all core courses, including all EOC and AP classes, and Freshman Academy common planning provides teachers opportunities for continued collaboration, resulting in the continued decrease of 9th grade failures. Our SAT and ACT composite scores and AP Pass Rate continue to improve. Twenty-two students were named as Palmetto Fellow Scholarship recipients and fourteen were named SC Academic Honors Award recipients. Greenville High was named as one of the Top 1,500 High Schools in the nation by US News and World Reports and was rated number ten in the state of South Carolina. Faculty, staff and administrators continue to distinguish themselves at local and state levels. Greenville High's principal, Mr. Lucas, was named state PTSA Administrator of the Year. Although Greenville High School is successful in many areas of student achievement, we face the continued challenges of meeting the needs of a diverse student population. We will continue to refine the overall effectiveness of the Freshman Academy, to offer rigorous professional development opportunities to the faculty and staff, and to challenge ourselves to accelerate student performance while maintaining high expectations for success at all levels.

ESEA/Federal Accountability Rating System

In July 2012, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
