REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The mission of Marshall Primary School, in partnership with the total community, is to create leaders for a 21st Century Global Society. 2011 – 2012 was an exciting year as children began their educational journey. Our School Improvement Council, Title One Committee, PTO, volunteers, and business partners continued to support our school throughout the year. Meetings were held regularly to discuss accomplishments and set future goals. Our high academic achievement and strong ties to the community remain an important focus of all that we do each year.

Marshall Primary School had many accomplishments this year. We implemented the Leader in Me, a program designed by Steven Covey. Based on the 7 Habits of Effective Leadership, we focused on leadership qualities for both students and staff. Marshall Primary School hosted a successful 21st Century Community Learning Center giving many students extended after school learning opportunities. Computer labs, a Writing lab, and Science labs were also utilized to provide additional learning experiences for students. Throughout the year, MPS students served as news anchors during our closed-circuit morning news program. Second grade students became ambassadors in leading assemblies and other programs sponsored by the school. Preschool and kindergarten classrooms reflected the standards on the Early Childhood Rating Scale. Parental involvement was emphasized through activities such as parent workshops, Fall and Spring Curriculum Nights, Field Day, Spring Arts Showcase, Literacy Festivals, school plays, and concerts. Students participated in service learning activities by collecting canned goods for disadvantaged families and donating pajamas to a local orphanage. We continued our traditions with Wendy's Wonderful Kids, Mentoring, and the utilization of Positive Behavior Intervention and Supports focusing on recognizing good behavior and positive character traits.

Marshall Primary School continued to implement Read Well in Kindergarten with a concentration on phonics. This has yielded impressive results, and we have expectations that the gains will continue into the next school year. We continued our commitment to instructional differentiation in reading through the use of literacy centers, Read Well, leveled readers, and Foundations reading program. Staff Development training in reading differentiation and mathematics instruction was provided throughout the year for optimal effectiveness of instruction. A focus this year was preparing for the transition to Common Core State Standards in English/Language Arts and Math which will be implemented during the 2012 -2013 school year. Cassondra Cooley was our Teacher of the Year. Our Teacher of the Year for the 2012 – 2013 year will be Connie Caldwell.
