Report of Principal and School Improvement Council

The LKCS was created to educate students who are academically, personally and/or socially at risk. Our school is also attractive to parents and students searching for a smaller, nurturing, academic environment. The goal for the next ten years is to continue servicing 3rd thru 8th grade students. We define our "unique approach" as taking into account each student's background and setting individual benchmarks for their academic growth. Student enrollment is limited to ensure a smaller class size and a maximum teacher-student ratio of 1:18 for all academic classes. It has always been our goal to identify the needs of students and educate them accordingly. Because we believe each child learns in a unique way, the LKCS recognizes individual learning by incorporating visual, auditory, and psychomotor components in our daily lesson plans. Although our population spans from the academically gifted and talented to those with special needs, the majority of our students come to us from the traditional area schools performing below grade level. However, parent and student goals remain the same. Everyone who enters our doors wants their children to succeed academically.

Due to the nature of our mission, the primary goals for all students are to focus on student achievement, improve student test scores, increase opportunities for student success and maintain a nurturing school culture. These goals are packaged into our World Class initiative which promotes a new outlook, new teaching standards and a positive learning environment. We understand change does not happen overnight, but with steady persistent progress. The key to positive student change is maintaining a positive outlook. In order to be successful in the classroom, we provide a daily example of what being positive "looks" like. Our benchmark for measuring the fulfillment of academic standards is evaluating each quarter on how well your students perform on standardized norm-based testing. Teacher job security is based, in part, on how well the students perform or improve on testing. All benchmark tests are controlled documents created to mirror the format of standardized tests. Student achievements are recognized quarterly and annually, as we believe there is always something to celebrate about a child. Our overall school environment is nurturing and our staff is trained to be compassionate to the needs of each student.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
