**Report of Principal and School Improvement Council**

The 2012-2013 school year at River Springs Elementary has proven to be another year of excellence for our students and faculty. The school continues to thrive thanks to our dedicated PTO and SIC. This year, our PTO continued their focus on increasing physical activity among our students by starting a running club for students. This was a tremendous success with more than 100 student runners participating in the "Gators on the Go" program. Several students have taken this initiative a step further by participating in community running events, and RSES won the School Participation Award from the Columbia Marathon for having the most student participants. In addition to supporting the Running Club, the PTO's dedicated volunteer hours also donated the funds needed to expand the playground with equipment that encourages fitness and fun. All students have enjoyed the new addition to our playground.

The faculty and staff have collaborated in staff development focused on Common Core State Standards, technology, and instructional best practices. The hallmark of the school year was a graduate-credit class offered to teachers focusing on inquiry as an instructional model for learning. More than twenty teachers participated in this class that required teachers to think and teach in new ways. The impact of this class has been felt by students throughout the school as they have learned to ask questions, think, and research through planned units of inquiry. The culture of learning is changing at River Springs!

While River Springs has enjoyed many years of excellence, we know that tomorrow brings us new challenges. River Springs is poised to meet the challenge of preparing our students for an ever-changing future. We will immerse our students in rigorous and meaningful curriculum. We will prepare our students to become productive members of a global society by encouraging them to ask questions and think about the world around them. By preparing our students to become the leaders of tomorrow, we will continue our long-standing tradition of excellence.

Respectfully submitted,  
 Melanie Cohen, Principal  
 Michael Schlenk, SIC Chair

**ESEA/Federal Accountability Rating System**

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.
