Percent satisfied with school-home relations	88.9%	96.2%	78.4%

*Only students at the highest elementary school grade level at this school and their parents were included.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

James Island Elementary earned an "A" rating from the South Carolina Department of Education per the requirements of the Elementary and Secondary Education Act for the 2012 school year. We are proud of the fact that the number of students meeting state standards in English Language Arts and Writing is greater than "Other Schools like Ours" across South Carolina. We attribute this success to our implementation of the "Reading-Writing Workshop" in grades K-2. This District initiative allows our teachers to provide small-group, differentiated instruction to our students during reading and writing. In addition, our continued commitment to the Project Read Program allows instructors to constantly monitor and adjust instruction to fit student needs. Students in the Third Grade had the highest school-wide gains and score in English Language Arts, while students in the Fourth Grade had the highest gains and growth in Math. We are extremely proud that all of our grade levels improved in Science over the previous year. In particular, students in the Fifth Grade scored 4.5 percent higher than in 2011.

James Island Elementary is a beautiful campus with three gardens, a 2.5 acre pond and two outdoor classrooms created in partnership with the College of Charleston, the Department of Natural Resources, Grice Lab, US Fish and Wildlife Service, Soil and Water Conservation, the Parks and Recreation Department and a number of parent and community supporters. Students go fishing, walk our wildlife trail, and use the outdoor classroom, which provides instructors a wealth of resources to make learning engaging. These resources enhance the activity-based learning of the science curriculum.

We are proud of the fact that families and staff continue to return to James Island Elementary because of the unique, innovative, and collaborative teaching environment enhanced by parent, teacher and administrative support. It is important to note that 100% of the staff are satisfied with the social, physical and learning environment of the school. Notable is the fact that the majority of our staff chose to have their own children enrolled at our school. While more than 60% of this staff has advanced degrees, five teachers currently possess National Board Certificates while all members of this staff maintain up-to-date certificates through the use of professional development opportunities that strengthen their core knowledge and skills.

James Island Elementary received two phenomenal grants equaling approximately \$80,000. The first grant was entitled, Engaging Creative Minds/ECM. It provided us with experts in the arts who collaborated with teachers to enhance the curriculum using music, song, dance and puppet-making to motivate and teach students science, social studies and ELA in grades 3-5. The second grant was our "Summer Success" grant, which provided struggling students in grades 2-5 an opportunity to be better prepared for the next year. We continue to place student achievement and growth as our top priorities as we work to close the achievement gap. Through the commitment of staff, students, families and community partners we continue to be "Beacons to the Future."

Deborah Davis-Fickling, Principal
Joan Appleget, SIC Chairperson
