Report of Principal and School Improvement Council

Eastside High School is a top national comprehensive high school that offers a rigorous academic curriculum for all students. Our students excel academically, athletically and in the arts. Eastside is seen as a unique and strong learning environment for the approximately 1,300 students who attend. Our staff seeks continuous professional advancement in the way of attending conferences, leading seminars, teaching classes, participating in local, state, and national committees, and holding offices in professional organizations to further their craft. Our main goal at Eastside is to improve student academic performance by emphasizing our three main priority areas – the diversification of teaching strategies; encouraging a climate of inclusiveness; and increasing student achievement.

We employ professional development centered on increasing rigorous learning and implementing a Learning Focus instructional approach in our classrooms. Our teacher-led action teams work to improve school climate and examine school data in a continuous effort to improve academic achievement. We also maintain several significant partnerships with parent and community groups to strengthen home and school bonds. We have successfully completed another year of the Rising Eagles tutoring program which involved a partnership between targeted students, their parents, several teachers, and our PTSA and SIC committees. This group participated in specific tutoring for the HSAP, were fed dinner, and transported home twice a week. This was a highly successful program. Other students felt much more confident taking the exam and those results will be available at a later date. We hope to expand this program in future years.

Students were involved in numerous endeavors this year and received awards. Our 2013 graduates earned over \$10.8 million in scholarships to higher education. The class included three National Merit Finalists, and one Presidential Scholar. Our students raised over \$130,000 during Spirit Week for the Angelman Syndrome Foundation. Every dollar raised went directly to the charity. All funds were raised through student-led activities in one week.

Spanish instruction includes a cooperative effort between teachers and the Rosetta Stone Language Learning software to advance the development of second language acquisition. Social Studies teachers use Jackdaw primary source documents and a Learning Focus approach to instruction to make history relevant for each student. Science teachers utilize our state of the art lab facilities to provide students with hands-on learning, and our English department's inclusion of non-fiction reading offers students a new lens to view the world. Math teachers customize Cognitive Tutor Software for each of their teaching units.

The 2013-2014 school year promises new and exciting progress. We will begin the school year with a strong cadre of experienced teachers as well as a few new ones, Eastside High sits well positioned to continue its forty year tradition of excellence as a highly successful educational institution. That why it is easy to say: "It is great to be an Eastside Eagle".

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

Overall Weighted Points Total	87.4
Overall Grade Conversion	B

70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
