REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

St. Andrew's School of Math and Science (SASMS) is a partial magnet school specializing in math and science. The school is situated in a residential neighborhood in West Ashley area of Charleston. In addition to serving students in the neighborhood, we serve students who come to us from all over Charleston County. We serve a total of 742 students who make up a very diverse student body. This year and part of next year, we will be located at a temporary campus while a new state of the art facility is built at our current location.

Through continued shared decision making, a positive learning environment, and high expectations, SASMS continues to be an award-winning school. Based on the 2013 state report card, we have maintained a rating of Excellent or Good on the South Carolina Report Card. Under the new Elementary and Secondary Education Act (ESEA) Federal Accountability Act we scored a 98.6 "A" rating. We also maintained our Palmetto Gold for Performance. This is a result of top-notch instruction from highly qualified teachers on a daily basis.

Our academic success continues to be based on how data are used to drive the instruction in the classroom. The Measures of Academic Progress assessment continues to give teachers data on their students and how instructional needs can be addressed. Literacy continues to be a district initiative and since we are a math and science school, our teachers utilize math and science in their various literacy programs. We continue to focus on the Science Technology Engineering and Math (STEM) practices in our instruction to provide opportunities for personalized learning and problem solving. iPad class sets have proven to be a strategic tool to guiding the development of our students. Our Primary Grades Academy (PGA) has extended its scope to include first, second, and third grade students. Our students who attend this intense intervention program show incredible growth from Fall to Spring. Our interventions are not limited to PGA. Our third through fifth grade students who need intervention in reading and/or math receive additional instruction during the school day. Students involved in these interventions have demonstrated positive gains as well.

Students at SASMS have an opportunity to participate in events that reinforce learning in the classroom. Our chorus has been requested to perform at several public events throughout Charleston. Our SASMS News team, Recycling Team, Safety Patrol, Goals Club and Student Government, provide weekly opportunities to work in groups and develop 21st Century skills that will support higher levels of learning. This year we added a Welcome Committee that will serve as ombudsmen for new students to our school. Our School Improvement Council (SIC) and Parent Teacher Association (PTA) work together collaboratively to provide ongoing support to our children, teachers, and staff. Various functions are held throughout the year to help benefit our school.

St. Andrew's School of Math and Science is excited about our future success!

Amy Cario, Principal
Caroline Brown and Tracy Thompson, SIC Co-Chairs
