South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

Lakeview Elementary School is helping all students develop the world class skills and life and career characteristics of the Profile of the South Carolina Graduate by providing a safe and caring learning environment. To achieve these goals, students are engaged in an integrated curriculum, which provides a core academic knowledge base and assists students in their own personal development. Differentiated learning is utilized within each classroom and addresses the various learning styles of students. Teachers, parents, and the community collaborate to enable students to achieve their maximum potential within a competitive culture in order to become self-directed 21st century learners and leaders. Lakeview Elementary School embraces a character education program that focuses on the 7 Habits of an Effective Leader. We believe it is imperative that our students learn effective leadership skills and utilize these skills on a daily basis. This year we continued to implement Positive Behavior Interventions and Support (PBIS). This initiative rewards our students for displaying positive behaviors. We celebrate these behaviors with our quarterly PBIS celebrations and recognize students on our morning news show. At Lakeview Elementary we believe the school, family, and community must share the educational responsibility of our students. We continue to strive each day to meet the needs of the whole child, academically, physically and emotionally. Thank you for all of your support in developing our future South Carolina graduates and world leaders! Ms. Connie Sanders, Chair of the School Improvement Council Dr. Molly Smith, Principal

* 21st Century core courses in Social Sciences include History, Geography, Economics, Government and Civics.
