WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...

Darlington High School is helping all students develop the world-class skills and life and career characteristics by promoting a safe, caring, positive learning environment that supports the belief that teachers have the right to teach and students have the right to learn. The academic program of studies at Darlington High School is designed to meet the needs of each student who enters our doors. Our academic offerings include College Prep courses, Early College Dual-Credit, Honors courses and Credit Recovery. Darlington High School's "Early College Honors Magnet Program" allows a student to earn transferable college credits while in high school. Early College Honors students soared to great heights during 2014-2015 by earning 1,121 college semester hours. Taking advantage of the numerous college courses offered on the DHS campus, sophomores, juniors, and seniors were enrolled in college courses such as college algebra, freshman composition, literature, psychology, Teacher Cadet, US history, and world history. Darlington High School provides students the opportunity to earn a two-year Associate of Arts degree while still in high school by strengthening its partnership with Florence-Darlington Technical College. And if the opportunity to earn an Associate of Arts degree is not enough to make DHS soar above its peers, the tuition assistance it provides students definitely distinguishes the school from any other high school in the Pee Dee. DHS pays the cost of both the balance of the tuition not covered by lottery assistance funds and textbooks, thus saving students and their parents THOUSANDS OF DOLLARS in college tuition! Our newly renovated science labs enable our students to receive state-of-the-art science instruction. In light of all these opportunities for academic excellence, Darlington High School is the school for the college-bound students to excel! Darlington High School is on the cutting edge of outstanding educational practices. Our newest program, to prepare students to be world-class competitors, is Robotics. Students are given numerous opportunities to pursue their interests and nurture special talents while completing their academic course of study. As a Renaissance School, multiple school-wide incentives for students and faculty that are achieving and demonstrating Falcon PRIDE are provided. At Darlington High School, we also have various programs outside the academic curriculum to focus on the development of the whole child. Our athletic teams are among the best in the region and compete for state titles yearly. The Falcon band and fine arts programs are growing and involving more students each year. Our JROTC program is expanding and growing future leaders of our Armed Services. With more than twenty student-lead clubs, there are many extracurricular opportunities for all students to be involved. Darlington High School is breaking barriers to allow all students to excel. Dr. Greg Harrison, Principal Ms. Jane Lloyd, SIC Chair
