Jackson Middle School is helping all students develop the world class skills and life and career characteristics of the Profile of the South Carolina Graduate by providing a safe, caring, and academically challenging learning environment. The faculty and staff at Jackson Middle School are committed to provide a nurturing environment that enhances individual student's academic performance by a focus on STEM and continuing to enhance our related arts programs. Encouraging partnerships with local community groups and parents, our school strives to build programs that reach optimal effectiveness. We hope to work in partnership with all stakeholders to build a true team approach to building up our students. It is our belief that building a positive experience while keeping engagement and rigor high will build a globally competitive student. We also look to ensure that students who transition into our school from an elementary setting are given adequate support throughout each academic year. The Jackson Middle School Community and School Improvement Council has worked this year to enhance our five year plan to build on school strengths and offer support for areas of improvement. Our mutual goal is to build programs that adhere to the highest level of effectiveness for the individual learner. This year we received another recognition for implementing STEM education across curriculums from SREB. Our school will begin a magnet program in the fall of 2015-2016.

Overall, we are excited about the changes at the school and the partnerships with local industry and community is bringing. Please feel free to contact the school at any time with questions or comments. We definitely feel we are worth the drive to this great area.
