

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

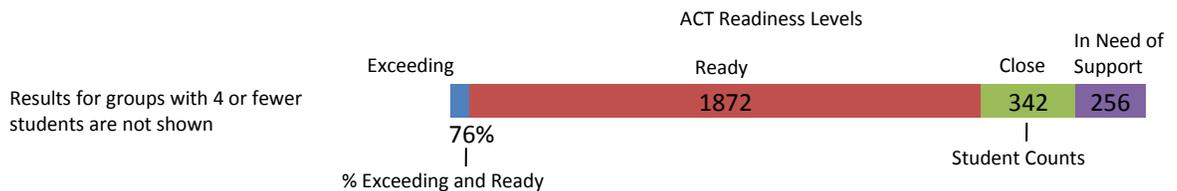

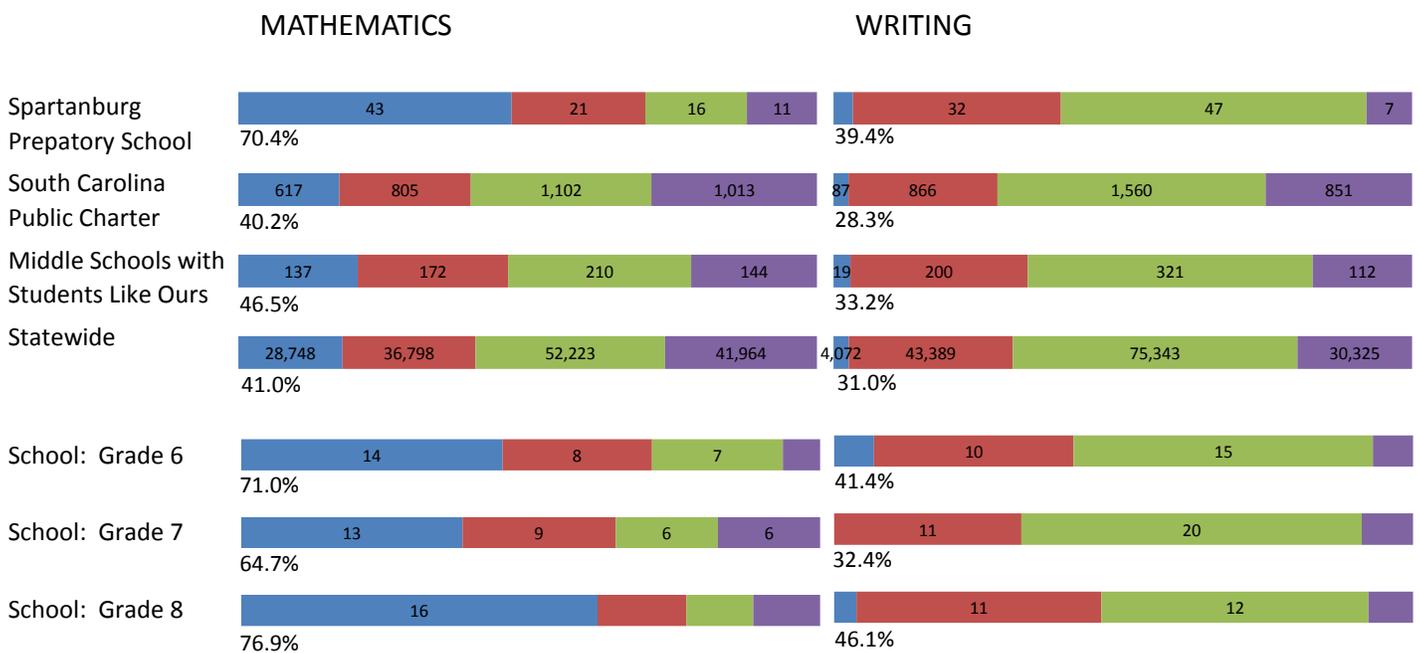

Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...

Spartanburg Preparatory School continues its tradition of academic excellence by producing some of the highest performing student scholars in the Upstate region of South Carolina, as exhibited by its designation as a Blue Ribbon Lighthouse School of Excellence and annual recognition as a Palmetto Gold and Silver Award winner. Spartanburg Prep has also received international recognition of its academic programs and school culture through accreditation by Advanc-Ed (formerly as SACS). After transforming and updating an abandoned, built in 1939, elementary school into a twenty-first century-8 school facility at a cost of over \$2 million, the staff, faculty and school board at Spartanburg Prep have focused on providing the highest quality education available in any public school setting in South Carolina. Spartanburg Prep is one of the few public charter schools in South Carolina to reflect the demographics of its local community, with a free and reduced lunch population of 48%. The school’s mission is provide a college preparatory, inquiry-based education to all children in attendance, with an emphasis on developing higher level critical thinking skills. Spartanburg Prep’s educational philosophy supports the premise that all teachers should infuse critical thinking into their instruction at all levels, and in all subjects, during each and every instructional day. In regard to the subject of school culture, Spartanburg Prep has implemented the “Responsive Classroom” approach to school improvement, by utilizing its research and evidence-based approaches to education, all associated with documented greater teacher effectiveness, higher student achievement and improved school climate. With a new \$3.3 million expansion project planned for the upcoming school year, Spartanburg Prep continues to look toward a future in which it provides all of its stakeholders with an even better educational product for their children and their hard-earned taxpayer dollars.
