

Palmetto Scholars Academy

2415 Avenue F

North Charleston, SC 29483

South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

Grades:	6-12 Middle	Principal:	Tim Gott
Enrollment:	350 students	Superintendent:	Wayne Brazell, Ph.D.
School Phone:	843-300-4118	Board Chair:	Warren Engle
School Website:	http://www.palmettoscholarsacademy.org		

Profile of the SC Graduate

World Class Knowledge

- Rigorous standards in language arts and math for career and college readiness
- Multiple languages, science, technology, engineering, mathematics (STEM), arts and social sciences*

World Class Skills

- Creativity and innovation
- Critical thinking and problem solving
- Collaboration and teamwork
- Communication, information, media and technology
- Knowing how to learn

Life and Career Characteristics

- Integrity
- Self-direction
- Global perspective
- Perseverance
- Work ethic
- Interpersonal skills

* 21st Century core courses in Social Sciences include History, Geography, Economics, Government and Civics.

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by ...

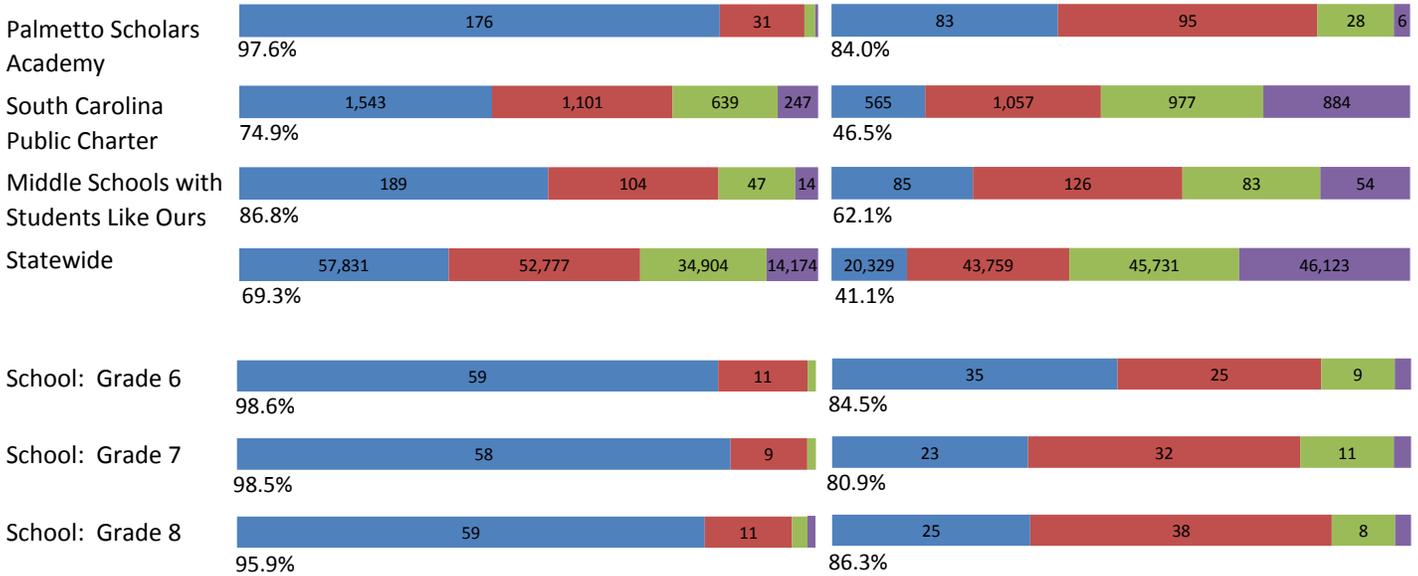

Palmetto Scholars Academy was founded in 2011 by a group of parents seeking a unique educational environment that would meet the needs of gifted students. This initiative led to a 6th – 8th grade charter school with a mission to provide a differentiated program designed to meet the educational needs of intellectually gifted learners, address their distinctive social and emotional needs, promote individual character development and instill a life-long love of learning. Likewise, the school desires to help our students to engage with leading innovative organizations in higher education, business, and science to empower them to make original and impactful contributions toward the elevation of South Carolina in the areas of education, commerce, arts, and science. Over the past 5 years, PSA has grown to be a full middle and high school serving 6th – 12th grades. It has established itself as one of the top schools in the state. A few of the highlights of our success include: • Receiving grades of A and 100 on federal and state assessments for the school • Showing an increase from 180 students to 350 students in 5 years • Establishing ourselves as state leaders in areas such as robotics, cyber-security, National History Day, Beta Club, and Odyssey of the Mind • Obtaining state and national recognition in the Student Spaceflight Experiments Program for having two teams chosen to send their experiments to the International Space Station. These successes have provided the foundation for an outstanding educational experience. From the middle school up, we integrate differentiated strategies to promote depth and complexity in our curriculum and provide opportunities for acceleration and enrichment across all disciplines. At the high school level, we are utilizing dual-enrollment courses with Trident Technical College and the College of Charleston, AP courses, and honors courses so that our students can create college preparatory pathways in STEM and Arts & Humanities as they prepare for careers in those areas. By integrating best practices for educating high ability students throughout our curriculum, our students are more efficiently equipped with critical, creative, and collaborative skills necessary for success in today's society. One of the most critical components of our enriched curriculum is the research program which culminates in a Capstone Experience. Starting with sixth grade, our students take a series of research courses which move from exploration of multiple careers to actual production of a research project in at least one discipline consisting of a research paper and a product which could include an oral presentation, a visual or multi-media display, or a type of service. Just as important as our academic focus, PSA intentionally focuses on meeting the social and emotional needs of our students. We seek to create a safe place for all students as they navigate the multiple challenges of adolescence. Our staff strives to create positive relationships with every student in the classroom, in extracurricular opportunities, and through our house system. The house system is modeled after the British house

KNOWLEDGE

The ACT Aspire assessment was given to students in grades 3-8 in Spring 2015. Students were assessed in the subject areas of Reading, English, Mathematics and Writing

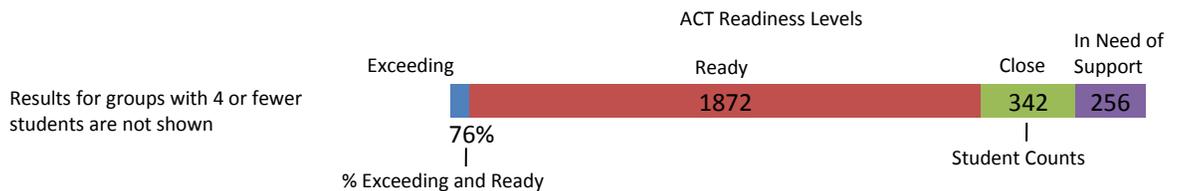

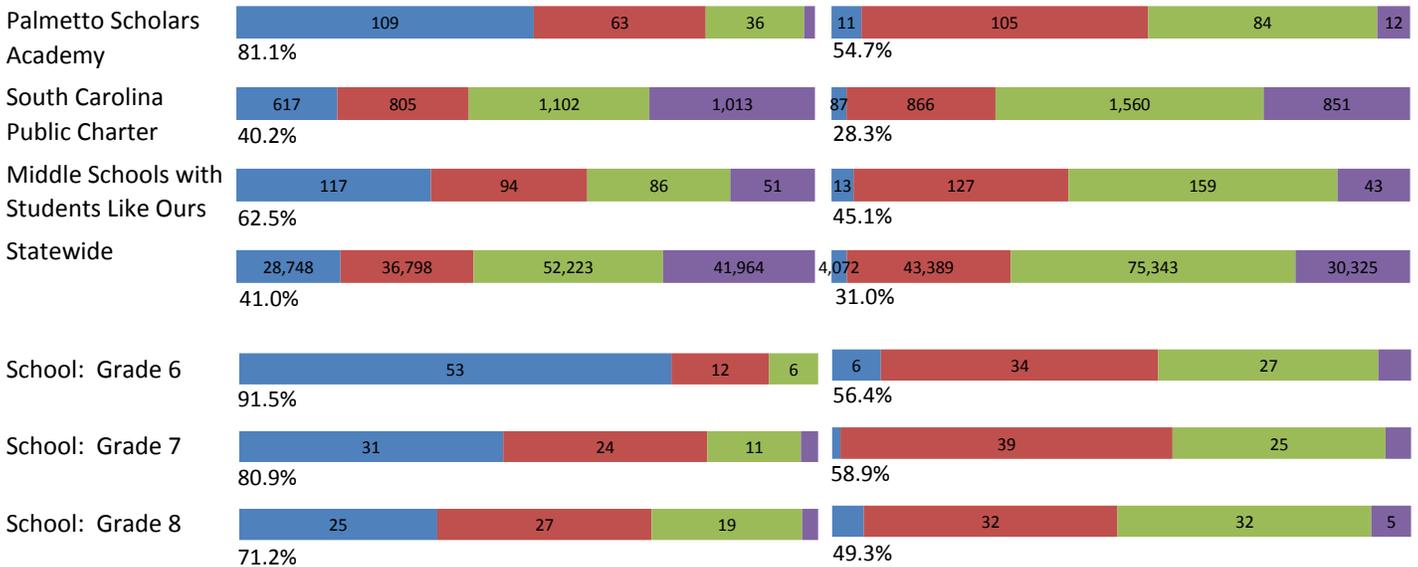

ENGLISH

READING

MATHEMATICS

WRITING
