National school library organization
5. SCASL's website
<http://scasl.net/>
The South Carolina Association of School Librarians advocates professional excellence, facilities collaboration, and develops leadership to ensure that school library media programs are integral to teaching and learning in every South Carolina school
6. Library Media handbook template
A policy and procedures manual assists library media specialists in the effort to gain administrative support, ensure collaboration with all members of the learning community, provide clear goals and objectives for the program, provide communication with stakeholders, and consistency in the program administration. (see attached)
