DATE: August 18, 2015

RE: Annual Accreditation Report of School Districts in South Carolina 2014–15

In late April, the South Carolina Department of Education's (SCDE) Office of Federal and State Accountability notified each district and school of its accreditation classification for the 2014–15 year. These classifications, along with the classifications of other districts and schools in South Carolina, were compiled in the Annual Accreditation Report of School Districts in South Carolina 2014–15 and presented to the State Board of Education on Wednesday, August 12, 2015, for information. The report can be viewed online [here](#).

Please forward this memo to the appropriate persons in your school district, including the board of trustee members and principals of the schools. Thank you very much!

Instructions for completing the online Accreditation Compliance Form for the 2015–16 school year will be sent to districts and schools in mid-September to allow time to complete the form between September 15 and October 15. Documentation for clearing accreditation deficiencies remaining from 2014–15 that carry into 2015–16 may be sent to your SCDE accreditation contact prior to September 15.

If you need further information, please reach out to your SCDE district accreditation contact.
