To Whom It May Concern:

My name is Saneva Myskowsky and I am requesting a meeting with the school board for a waiver of regulation 43-53. I worked for Richland One School District this past academic year and was paid at a bachelor's +18 when I should have been paid at the master's level. I submitted my master's transcripts to both Eau Claire and the district, but was never notified that I must submit them to the state department. I understand now that it is my responsibility to make sure my certificate is current, but I cannot fulfill a responsibility that I did not even know I had. I am requesting to be compensated for the back pay, since, in this instance, the regulation only serves to hurt the teacher. Thank you.

Sincerely,

Saneva Myskowsky
