Columbia, SC 29201

Re: Regulation 43-261 (C) Waiver Request – District and School Planning

Dear Ms. Prevatt:

The School District of Dillon Four hereby requests the State Board of Education to waive compliance from Regulation 43-261 (C), District and School Planning. Our district will be having an AdvancEd visit in March 2017 and new five year district strategic and school renewals plans are due in April 2017.

We respectfully request a six month extension, from April 30, 2017 until October 31, 2017, to submit our plans to the SC Department of Education.

Thank you in advance for your consideration to this waiver request.

Sincerely,

A handwritten signature in black ink that reads "D. Ray Rogers". The signature is written in a cursive style with a long horizontal flourish extending to the right.

D. Ray Rogers
Superintendent
