Half-Day Child Development Programs

**I. LEGISLATION**

In order to comply with the South Carolina Education Improvement Act of 1984 and the Early Childhood Development and Academic Assistance Act of 1993, school districts may establish and provide for the education of three- and four-year-old children who have predicted significant readiness deficiencies. The legislation requires that each district will provide for at least a half-day early childhood development program for four-year-old children. Districts have the option of serving three-year-old children.

Each district shall provide at least one program for four-year-old children and may serve identified three-year-old children who have significant readiness deficiencies.

Districts and schools shall integrate the planning and direction of the half-day program with the Early Childhood Initiative.

**II. PLAN FOR ENROLLMENT**

**A. Public Notification of Program Availability**

School districts shall attempt to contact parents or guardians of children who will reach age three or four on or before September 1 and who have potential for later school failure. The district shall make substantial efforts to publicize the availability of the program for four-year-olds, and for three-year-olds if appropriate.

**B. Criteria for Enrollment**

Each district shall develop criteria for the enrollment of children who have predicted significant readiness deficiencies. These criteria shall include the following:

1. A screening instrument approved by the State Department of Education for use in determining each child's developmental level,
2. An entrance age requirement which specifies a child must be three if the program serves three-year-olds, or four years of age on or before September 1 of the applicable school year,
3. Legal birth certificate issued by the Department of Health and Environmental Control or other appropriate authorized agency,
4. South Carolina Certificate of Immunization,
5. Comprehensive Health Appraisal if deemed necessary or appropriate.

**III. COORDINATION**

In the event that a local advisory committee exists in a community to coordinate early childhood education and development, school districts shall consult with the committee in planning and developing services to make maximum use of resources and avoid duplication of effort. When a local advisory committee does not exist, the school district shall identify available early childhood development and education resources in order to avoid duplication of public services. This may include Headstart and other Child Development Block Grant Programs.

**IV. PROGRAM DESCRIPTION**

**A. Organization**

A developmental educational program in a classroom setting shall be the major component of the program.

**B. Program Length**

The classroom program shall operate five days a week (or the equivalent) for at least 2 1/2 hours of instructional time, exclusive of breakfast, lunch and transportation.

Program year will include 190 days of operation for staff (180 days service to children) subject to the same conditions for waiver of make-up days as prescribed by state law.

**C. Staff Ratio and Group Size**

Each classroom shall be staffed with one appropriately certified teacher and one teaching assistant for a maximum of 20 children per each half-day session. Teaching assistants shall have at least a high school diploma or the equivalent.

**V. FUNDING**

Child development funds will be allocated on an annual basis effective July 1 through June 30. Unobligated funds, which become available during the fiscal year will be redistributed to serve additional eligible children.

**C. Subcontracting**

School districts may contract with appropriate groups and/or agencies to provide part or all of the program. In such cases, the school district is charged with the responsibility of maintaining compliance with the regulations governing this program. An exception to the regulation governing indirect costs may be made when state or federal
