

There are four waivers that the Office of Federal and State Accountability proposes to submit to the USDE related to the Department's School Improvement Grant 1003(g) application. Prior to submitting the application, we are required to seek input from affected districts and the public as to the feasibility of implementing these waivers.

The four waivers are:

- Requesting to waive the definition of “persistently lowest-achieving schools” in Section I.A.3 of the SIG final requirements and the use of that definition in Section I.A.1(a) and (b) of those requirements to permit the State to exclude, from the pool of schools from which it identifies the persistently lowest-achieving schools for Tier I and Tier II, any school in which the total number of students in the “all students” group in the grades assessed is less than 40.
- Requesting to waive section 1116(b)(12) of the ESEA to permit LEAs to allow their Tier I, Tier II, and Tier III Title I participating schools that will fully implement a turnaround or restart model beginning in the 2011–2012 school year to “start over” in the school improvement timeline.
- Requesting to waive the 40 percent poverty eligibility threshold in section 1114(a)(1) of the ESEA to permit LEAs to implement a schoolwide program in a Tier I, Tier II, or Tier III Title I participating school that does not meet the poverty threshold and is fully implementing one of the four school intervention models.
- Requesting to waive section 421(b) of the General Education Provisions Act (20 U.S.C. § 1225(b)) to extend the period of availability of FY 2009 carryover school improvement funds for the SEA and all of its LEAs to September 30, 2014.
