MEMORANDUM

RE: Appeal of Report Card and ESEA Results

The appeals process has been completed and all report cards have been reposted on the agency website. If your district submitted an appeal, the result of that appeal was provided to your district accountability coordinator at the beginning of February.

Other issues that were brought to our attention during the appeals process have also been addressed and corrected. For this reason, we encourage school and district staff to review the revised report cards for changes to the report cards outside any appeal issues.

Staff can identify when a report card was last updated and posted by the date at the upper right corner of each page, following the first page.

If there are any questions concerning changes to state Report Cards or the ESEA Ratings, please contact: Cynthia Hearn, Research Team Lead, Office of Research & Data Analysis, (803) 734-8269, CHearn@ed.sc.gov.

Please let us know if we can provide additional information about the appeals process or information reported on your school and district report cards.
