

# Endorsement in Gifted & Talented Education

## Start this spring!

USC's Special Education Programs offers the two courses that fulfill the requirements for an initial endorsement in Gifted & Talented Education from the SC Department of Education. SC schools require the endorsement for educators teaching in gifted and talented programs. Additionally, many SC school districts require the endorsement of regular classroom teachers with identified gifted students in their classrooms as well as secondary educators who teach honors level courses.

### **EDEX 540: Nature and Needs of the Gifted and Talented**

Spring Semester

Thursday evenings: 4:40 pm - 7:15 pm

### **EDEX 742: Educational Procedures for the Gifted and Talented**

Spring Semester

Tuesday evenings: 4:40 pm - 7:15 pm
