VI. STATE SUPERINTENDENT OF EDUCATION REPORT AND RECOGNITIONS

State Superintendent of Education Rex recognized the Blue Ribbon Award recipients. The Elementary and Secondary Education Act National Blue Ribbon Schools program is coordinated by the U.S. Department of Education. The program recognizes public and private K-12 schools that are academically superior or that demonstrate dramatic gains in student achievement. The schools chosen as National Blue Ribbon recipients are models of excellence that other schools can emulate.

Selection criteria for the program are consistent with the goals of the Elementary and Secondary Education Act (ESEA). Nominees must meet one of two criteria: (1) schools that have at least 40 percent of their students from disadvantaged backgrounds and that dramatically improve student performance to high levels on state tests, or (2) schools, regardless of their demographics, that achieve in the top 10 percent of schools in the state. All nominees had to have made adequate yearly progress (AYP) under ESEA for the 2006–07 and 2007–08 school years and also had to make AYP for the 2008–09 school year to be eligible for recognition.

Across the nation, only 314 schools earned the prestigious award this year. Five of this year’s winners are from South Carolina. These five not only met the basic criteria but also scored higher against those criteria than other South Carolina schools. The five award winners each received a plaque and a flag.

The following schools are this year’s winners:

- Carolina Elementary School, Darlington County School District, represented by State Board of Education member Hampton Hubbard
- Chapin High School, District Five of Lexington and Richland Counties, represented by State Board of Education member Amelia Herlong
- Chukker Creek Elementary School, Aiken County Public Schools, represented by State Board of Education Chair Tim Moore
- Middle Valley Elementary School, Horry County Schools, represented by State Board of Education Chair-elect Gerrita Postlewait
- Ninety-Six High School, Greenwood County School District 52, represented by State Board of Education member Dru James

Dr. Rex also informed everyone about an audit that is under way across the nation by the Office of the Inspector General. The audit is currently being conducted in our state at the state level. The auditors are looking at Title 1, Part B of IDEA, and the fiscal stabilization funds received by all states through the ARRA. The audit team has been in SC a total of three weeks and has met with key SCDE personnel, representatives of the Budget and Control Board, Comptroller General’s Office, State Treasurer’s Office, State Auditor’s Office, the state’s Technical College System, and the Commission on Higher Education. The last part of the audit process involves the audit team visiting three of our school districts, which include Spartanburg County School District Two, Greenville County School District, and Charleston County School District. The audits should be finished by mid-April, and we should hear back formally from the auditors by mid to late summer. Dr. Rex said the audits are going well and the informal feedback he’s received reflects positively on all SCDE personnel who have been involved. He expects the final report to be very good.
