Parent Consent Form College Entrance Assessments

Dear Parents or Guardians,

Your 11th grade student has the opportunity to take the ACT[®], SAT[®] or the CLT (Classic Learning Test) one time at no cost, paid for by the state. The ACT, SAT and the CLT are college entrance exams used by some colleges and universities in admitting students.

Taking one of these tests is optional. These tests will be administered during the school day. In order for students to be best prepared to take the ACT, the student should be currently enrolled in or have completed at least three units of English (English 1 and higher); three units of mathematics (Algebra 2 and higher); two units of science (Biology 1 and Physics); and two units of social studies. There is not a list of courses to be enrolled in or have completed before taking the SAT, but the test company recommends that students be juniors in their spring semester. CLT tests emphasize aptitude and achievement which is not limited to classical curricula. These college readiness assessments should be discussed during the student's annual Individual Graduation Plan (IGP) meeting.

If your student does not take the ACT, SAT or CLT during the 11th grade, if state funds are available, the student can take one of these tests in 12th grade, at no cost, paid by the state.

If you feel your student is prepared and want your 11th grader to take the ACT, SAT or the CLT at no charge, please place a check mark in the box beside your choice, and return this form to your student's school. If you do not want your 11th grader to take either exam, please place a check mark in the third box.
