Langston Charter Middle School	Good	At-Risk	Met
Fuller Normal Advanced Technical Charter	At-Risk	Good	Not Met
Brashier Middle College Charter	N/A	N/A	Met

REPORT OF SUPERINTENDENT

Greenville County Schools serve over 68,000 students in an 800 square mile geographic area.

Creativity in planning for and meeting the needs of students is developed through an Education Plan- a living document, developed in collaboration with the community, that outlines the five goals that are central to the mission of the District.

The primary goal is improved student achievement; this is the ultimate focus of all strategic initiatives. Advancements such as smaller class sizes, expanded early childhood programs, early intervention reading programs, a center for the highly gifted in grades 3 through 8, professional science teachers in all elementary schools, increased rigor at the middle level, a District-wide challenge program, and cutting edge instructional technology that includes interactive white boards, laptop carts and distance learning, have resulted in positive gains on accountability measures. For example, the average SAT score in Greenville County is 44 points above the state average and within eight points of the nation.

In addition, 74.7% of Greenville County students taking the HSAP for the first time in 2007 recorded passing grades. In 2008, Newsweek ranked eight GCS high schools in the top 5% nationally, and the 2007 class was awarded \$76.6 million in scholarships with 90% of the graduating seniors pursuing some form of higher education.
