## REPORT OF SUPERINTENDENT

Marion School District Seven takes great pride in the accomplishments of its students and staff for the 2007-2008 school year. It is through a competent and caring staff, the hard work of students, and the support of parents that students continue to improve academically and develop into contributing members of our nation, state, and community.

The school district continued to focus on implementing the ambitious goals set by our district strategic/accountability plan and our school-based site plans. Business and community members joined together with parents, teachers, and staff to establish these goals. These plans are developed to ensure our students receive the opportunity to attain the best possible education with the resources available.

District Seven is indeed fortunate to have highly skilled, qualified staff members. Over 70% of the professional staff have earned degrees above a bachelor's degree. Teachers and administrators continually strive to expand and enhance their skills through graduate courses, study groups, collaboration with peers, and activities sponsored by the Center of Excellence to Prepare Teachers of Children of Poverty, Science South, Pee Dee Education Center Early Childhood Consortium, and professional organizations.

Through cooperative efforts of the community, parents, and staff, our students will achieve at high levels in the classroom and as adults. By staying focused on what is best for our students, District Seven will continue to provide opportunities to attain a quality education.

We welcome your input and participation in all aspects of the educational process. Your support and cooperation ensure student success!
