REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The Chester Park Complex serves 1600 students divided into three school of choice. As part of the larger complex, Chester Park Elementary School of the Arts serves approximately 620 students in Pre-Kindergarten – 5th grade who have chosen to participate in arts integrated learning. The mission of Chester Park School of the Arts is to engage every child in active individual and collaborative team learning experiences in the context of a comprehensive, standards-based arts integrated curriculum. In order to accomplish this mission, teachers infuse the South Carolina Fine Arts Curriculum Standards into all curricular areas. Fine Arts teachers, in turn, bring core curriculum standards into their classrooms.

The belief at the School of the Arts is that arts integration builds character, cooperation, responsibility, and respect. The arts engage students in active learning of material and help them to be exposed to content in myriad ways. Arts integration identifies and nurtures each individual student's talents and creativity. It unites students, parents, faculty, and community members. It allows students to make real-world connections of the learning taking place.

The School of the Arts has been awarded over \$60,000.00 in grants for the funding of arts integration, artist-in-residence, and upgrades to the sound and video equipment in the Complex auditorium. In addition to these funds, the school has been awarded a healthcare grant for the coming school year entitled "Stepping to a Healthy School". We believe these funds, which will be used to promote healthy living among students and staff, will increase student achievement, emotional status, and attendance.

In addition to the integration of the arts, Chester Park Elementary School of the Arts offers students opportunities to incorporate technology into learning through the use of computer labs. They are given time to have individualized instruction based on MAP scores. Fourteen classrooms are equipped with Promethean Boards providing a new medium for teaching and learning. Teachers have been and continue to be trained in the use of these boards for improved delivery of content.

Students at Chester Park Elementary School of the Arts are given special opportunities to be involved in Artist-in-Residence programs featuring: multi-cultural enrichment, mural painting, poetry, puppetry, music, dance, and theater. These opportunities have provided students in all grade levels with a variety of reinforcements as they relate to the core subject area curricula of South Carolina. The school celebrates its students talents through gallery walks, live performances (both in the school and the community), and achievement awards. The school offers after-school clubs such as art club, chorus, cooking club, dance, drama, garden club, and scrapbook club.

Remediation programs and interventions have been put into place both before and after school in Math and Reading for students who are in need of further assistance. These programs have been successful in providing extra support.
