REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The 2007-08 school year was a year of many academic accomplishments at Cleveland Elementary. The school's motto, "Every Student Is a Scholar," set a tone for high expectations and student achievement. Cleveland has been at the forefront of the reduced class size initiative. The district technology plan has provided equitable resources for our school, as well. Most classrooms have at least five computers with high-speed internet access, and our administrative offices have new computers with the same capabilities. This year, the addition of collaborative classrooms has increased technology capabilities for our students. The classrooms have projection systems and active boards for use by the teachers and students. Our academic program centered around literacy with a focus on independent reading, shared reading, and effective use of read alouds.

All certified staff participated in study groups twice a month to examine best practices in literacy instruction. On-site in-service activities focused on the Teacher Advancement Program and provided support for building successful learning communities through techniques for developing positive school learning environments. Instructional specialists, coaches, and administrators engaged in their own cluster groups focusing on learning strategies that provide classroom support for teachers. The school has implemented a modified school calendar for the 2008-09 school year. Students will also be attired in school uniforms which present an "Academy-like" educational image.

Many community partners joined in the movement towards academic success. Spartanburg Regional Healthcare System provided school supplies for the entire school; assisted with health screenings for all of our students; continued our mentor program; and provided support for the science program and for the Beta Club/Health Career Club. Wofford College partnered with us in organizing a Math Academy to provide 57 Wofford scholars to tutor fifth and sixth grade students on Mondays and Wednesdays. Our Leadership Academy provided leadership classes for 6th grade students through the JROTC at Spartanburg High School. Students learned about discipline, respect, dignity, and positive self-esteem. The International Studies Academy of Cleveland Elementary has "partnered" with Rietondale Elementary in Pretoria, South Africa. Students will engage in video conferencing with other students for the purpose of developing an appreciation for other cultures, languages, and lifestyles of students in foreign countries.
