Report of Principal and School Improvement Council

Meadowfield Elementary successfully implemented strategies to achieve the goals identified in the School Renewal Plan. These goals included increasing academic rigor and performance, enhancing professional development, and creating a school environment supportive of lifelong learning.

We completed the final year of the Paideia Instructional Model implementation and were named a Paideia Model School by the National Paideia Center. Student assessment was the focus throughout the year. Students maintained individual portfolios and were trained in conducting student-led conferences which were held at the end of each grading period. Rubrics (criterion rating scales) were utilized as a primary assessment tool. Students completed a Paideia Coached Project each nine weeks. (Coached projects are specially-designed, integrated units of study created by teachers with input from students and involve the presentation of a student product or performance to a relevant audience including the community.) Students participated in content-based and school-wide Paideia seminars, an intellectual dialogue facilitated by open-ended questions about a significant text. Monthly school-wide seminars focused on character education. Paideia seminars and coached projects were designed to increase academic rigor and relevance. Through Paideia, students developed responsibility and ownership of their learning.

Leveled reading libraries and novel sets were purchased and used to enhance reading instruction. Our students won the University of South Carolina "Reading with the Lady Gamecocks" competition. Teachers utilized technology to individualize and differentiate student learning through student participation in SuccessMaker, Accelerated Reader, Accelerated Math, and Breakthrough to Literacy. Technology resources were expanded to include Smart Board units in third- and fourth-grade classrooms.

Teachers consistently attended professional development sessions and planned together in professional learning communities to improve instructional practices. Through our Professional Development School partnership with the University of South Carolina, our teachers, USC faculty, and a USC liaison supervised the internship and practicum classes of future educators. Our accomplished faculty includes nine National Board Certified teachers.

The PTO and SIC worked diligently with school staff to strengthen community relations and parental involvement. The community enjoyed many events, including a First Day Coffee for New Parents, Grade Level Information Nights, Paideia Family Nights, CiCi's and Chick-fil-A Nights, a Book Fair, Public Library Nights, concerts, Paideia and Pastries Day, Hearts Hop Dance, Spring Carnival, and Field Day. Our students benefited from the assistance of many volunteers, as well as from business and community partnerships, including a valuable faith-based partnership with Shandon Baptist Church. Our students reinforced and served the school community through Safety Patrol, Student Council, Friendly Helpers, Recess Patrol, News Team, and Media Helpers.
