## REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Millbrook Elementary has made significant steps toward continuing its legacy of delivering a quality education to its students.

We began the year by celebrating the completion of a new building for our fourth and fifth graders as well as the completion of a state of the art cafeteria. The cafeteria includes a stage area our faculty has used for innovative activities and programs that have involved our students and parents.

An updated School Renewal Plan has been completed by the Title I and School Improvement Council Committee for the 2009-2010 school year. The goals provide the following: two Reading Specialists will provide literacy interventions for K-3 grades; Measures of Academic Progress will continue to be utilized as a benchmark assessment for differentiated instruction; Title I funding will be used to provide staff development for teachers in all core subject areas; and interventions will be incorporated into the school's computer lab and after school tutoring programs. In addition, ten teachers have received Savannah River Nuclear Site science and math grants to enhance instruction.

Our school provides excellent academic programs that are driven by data analysis of our students' needs. Our commitment to positive home-school relations, teacher collaboration, and professional development ensures that our students will be well prepared to enter into middle school.
