SC PERFORMANCE GOAL

2010 Goal:
 By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:
 By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

This report card is presented annually to give the parents, community, and interested citizens the status of A. C. Corcoran Elementary School. The report is designed to give the reader information about the progress of the school, faculty, staff, and students.

The administration, faculty, and staff use school data to develop strategic plans for improvement. With the Charleston County School District's theme, "Excellence is our standard" as the backdrop, the mission at A. C. Corcoran is to provide instruction that will enable students to reach their maximum potential. The professional staff continues to strive to reduce the number of students scoring below basic in reading and mathematics on the state test by 10% each year. During the 2008-09, emphasis was directed toward increasing the number of students scoring proficient and advanced.

During the 2008-09 school year, the faculty studied student data to determine instructional strategies. Student progress was monitored in grades 2 through 5 by using the MAP results. Teachers charted student progress on the DATA WALL by using the MAP results. Students were tested in August, November, and March.

Students were also monitored in kindergarten and first grade by using the DIBELS test. In addition, the MAP program was implemented in kindergarten and first grade. The lead teacher and instructional resource teachers (IRT) along with the principal met weekly with the grade level teams to discuss instructional strategies, monitor student progress, and discuss implementation of strategies and the coherent curriculum. The coherent curriculum and instructional calendars drive the instructional program for all students.

The data from the 2008 PACT test indicated that an area that needed special emphasis was math. Students were targeted and were given an extra instructional period of math during the Move-to-Math program. MAP testing indicated positive gains as a result of this strategy.

The Positive Behavior System continued to be used. This program trained teachers in how to be more proactive with classroom management and how to be persistent in promoting a positive learning environment. Teachers received additional training and continued to promote positive discipline. Teachers mailed positive notes on a regular basis to parents. In addition, plans have been made to provide schoolwide training in CHAMPS prior to the 2009-10.

Students were recognized for positive discipline through the use of PAWS tickets. Students enjoyed a special carnival twice during the year as well as weekly recognitions on the morning show. Students also received PAWS awards at the Awards Assembly at the end of each grading period.

Volunteers continue to provide excellent support to the teachers and students. The number of volunteers increased, and the volunteers were honored with an end-of-year breakfast.
