REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Hendersonville Elementary School, located in the southern portion of Colleton County, serves approximately 509 students in pre-kindergarten through fifth grade. Students come from a mainly rural setting with 80% African American students and 20% Caucasian students. Our vision at Hendersonville Elementary School is "Every day, every student will experience success with grade level materials in a safe and supportive environment." Principal Jessica F. Williams, along with the faculty, staff, parents, and community members have continued to implement strategies in keeping with this vision.

Analysis of PACT and MAP data, in conjunction with weekly subject-specific progress monitoring, has strengthened the academic progress of our students. Students received daily, small group differentiated instruction provided by classroom teachers and interventionists. Students in grades 3-5 also received instruction in single-gender self-contained classes. These educational models promoted classroom community and accommodated individual learning styles. All classrooms are now equipped with the latest technology including SMARTBoards, Airliners, Student Response Systems, and wireless access in the media center.

This year Hendersonville implemented a progress monitoring cycle that included planning, observation of lessons, and standards-based weekly assessments. Using this model, teachers were given specific feedback on teaching and students were given specific feedback on learning. Teachers utilized the data from the progress monitoring assessments to guide their standards-based instruction. Positive Behavior Intervention System (PBIS) was continued during the 2008-2009 school year. This system promotes appropriate student behavior and character development on a school wide basis while emphasizing our motto "Be SHARP." The Assistant Principal, Sharon Simmons, continued the Junior Leadership Program and Student Council.

The faculty participated in various staff development opportunities throughout the year. The faculty book study this year, "Make It Real" by Linda Hoyt, focused on motivating our students by using non-fiction informational text. The strategies learned by the teachers through the book study allowed students to make connections between classroom instruction and the real world.

We are confident that Hendersonville Elementary students will continue to make academic gains as documented by PASS test scores. We expect that their social and emotional growth will be enhanced because of the nurturing community environment that has been established at our school. We expect the students of Hendersonville Elementary will exceed the projected goals for 2008-2009.
