## REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The 2008-09 school year was one of change and opportunity for MBIS. Our school theme "Successfully Educating All Students" was addressed in new and important ways. As the school year began, MBIS teachers participated in Literacy Work Station Training. Student work in daily Literacy Work Stations is intended to increase fluency and comprehension in the English Language Arts areas of Reading, Writing, Listening, and Spelling. Additionally, we have worked together to provide regularly distributed course syllabi for students and parents as well as Study Guides prepared in a standardized format for easy recognition and use by students and parents. Throughout the school year, teachers created and participated in small group professional learning communities in the areas of Reading, Writing, Math, Note-taking and Timelines, Word Study, and Fluency. Each mid-year, we have traditionally offered an after-school tutoring program for selected students. This year student perception and acceptance of this important support program was improved when it was renamed and moved from after school to during the school day. Our new daytime "Focus Groups" have enjoyed increased student attendance and greater student effort. In addition to field trips, book fairs, and special projects, our students, staff, and parents worked together on a number of educational extension and enrichment experiences this year. In December, we presented our annual production of It's a Dickens of a Christmas. In March, we presented our first annual Black History Month program that honored special members of the Myrtle Beach community, and we held our annual Science Fair and Invention Convention. In April, our entire student body attended a stage performance of Beauty and the Beast. In May, we produced our first all-school student fine arts program. Also in May, we held our annual International Night. Members of our school staff have worked together to provide community outreach presentations to increase school community communications and connections that will help us increase student achievement. Cathy Slater, Principal; Jeff Antioho, SIC Chair
