REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

This has been an exciting and fast-paced year at Buford Elementary School. We have introduced a new school-wide theme "Learning Our A, B, Seas" for the 2008-2009 school year. Our focus continues to be student achievement and instructional improvement. Innovative learning experiences and opportunities are provided for all students through the new Classworks computer software program: fall and spring after-school programs focusing on math and language arts for second through fifth graders; year long homework center for third through fifth graders; flexible grouping for second through fifth graders; LEAP (Language Enrichment Acceleration Program) for all kindergarten and first graders; and Super Reader (a school-wide reading initiative). The Everyday Math and Open Court curriculums continue to provide hands-on-learning experiences and cooperative grouping within the classrooms. Our fifth grade Academic Challenge Team won the Lancaster District Academic Challenge this year. Students in third through fifth grade participated and won the district-wide fitness challenge. These successes are a testament to the learning experiences provided at Buford Elementary. Certified teachers and staff participated in building level professional development activities with a focus in math and technology. Teachers also pursued graduate education degrees with five that completed master's degrees, and one received National Board Certification. One assistant principal completed her doctorate degree. At Buford Elementary, we recognize and acknowledge the important role of parents in the educational experiences of their child. Parents were invited to volunteer and participate in activities such as book fairs, career week, reading with students, classroom assistance, fieldtrips, and award ceremonies. Each grade level hosted a family night that provided a meal and educational tips and resources to use at home for reinforcing skills. Parents for the 2009-2010 incoming kindergartners were also invited to attend four sessions at Early Childhood Family Night. Technology has waded into Buford Elementary. SMART Boards were added to each classroom to be used as an instructional tool differentiating student learning. Students embrace the opportunity to master skills using creativity and technology. Teachers participated in three training sessions on the use of SMART Boards in lesson planning and presentation. We look forward to continuing our growth in technology next year. The 2008-2009 school year continued the tradition to inspire our students to achieve, believe, and challenge themselves to be the best they can be. The strong support of the community and school family led our students to success in "Learning Our A, B, Seas!" Sandra Jones-Izzard, Principal; Tara McCormick, School Improvement Council Chairman
