## REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Cades Hebron teachers implemented the Anderson 5 Curriculum during the 2008-2009 school year. This curriculum is standards-driven and designed to address the diverse learning needs of our students. Teachers continued the implementation of effective writing and problem solving strategies across the curriculum. In addition, the use of technology has become an essential enhancement tool for teachers in their instructional delivery across the curriculum. Teachers also use technology as a training tool for students.

Cades Hebron's 21st Century afterschool program is utilized as a gateway into helping our students better understand the curriculum information. The students are provided assistance to help them enhance their academic performance. Additionally, we continued the R.E.A.D program, which stands for (Reading Evaluating Accessing and Diagnosing). This program was designed to help students analyze the twelve genres of reading. Once students understand and analyze each genre of reading, they will become excellent and avid readers.

Faculty and staff assisted students to better understand RIT Band Instruction as it applies to MAP and PASS data. Students gained a better understanding of exactly how many points they needed to move from one category to another.

TBS (Therapeutic Behavioral Services) teachers, as well as the Child Development Educational Pilot Program (CDEPP), entered into its third year and showed much academic promise for our 4- and 5-year-olds.

In addition, a fulltime guidance counselor was provided to assist with academic, social, and personal problems.

Other programs and activities used to help to build our children's character and prepare them to survive in a constantly changing and diverse world include the Parenting Program, the CHES Pageant, and spelling bee. Our Foster Grandparents Program through the local Vital Aging Commission allows our older generation to pass knowledge and character to our younger generation.

Cades Hebron Elementary's mission is to provide self-reliant and productive citizens by providing learning opportunities by working with the home and community. We also plan to close the achievement gap in educational progress.
