Report of Principal and School Improvement Council

Our mission at the Phoenix Center is to serve students who are divergent learners.

Our total student enrollment for the school year 2008-2009 is 60 students in grades nine through twelve.

Often these students have a history of academic failure and behavioral problems in the traditional classroom setting. They are not on track to graduate on time when they come to the Phoenix Center. These students are school-resistant youth who require trusting relationships and a supporting environment before they can begin to learn.

Our goal is to prepare our students for their future. We want our students to be job-ready and to possess life skills. Community businesses and agencies are enlisted to help them. We utilize the services of DHEC, DSS, Mental Health, and Alcohol and Drug Abuse agencies for assistance and counseling.

Our students may attend F.E. Dubose Career Center, where they are placed in vocational areas. They have the opportunity to take college-level courses at Central Carolina Technical College. Our curriculum is based on the state standards with emphasis on making learning relevant in all subject areas.

We value parental input into curriculum and discipline. We meet with parents quarterly as a group and call them for conferences, as needed, to discuss their children's progress. The charter school experience for all of us, teachers and students alike, is a growth opportunity.
