## Report of Principal and School Improvement Council

West-Oak High School is proud of the accomplishments that we have made during the 2008-09 school year. Our students, faculty, staff and community have created a new sense of pride and accomplishment for our school. In all areas of school life, academics, athletics and the arts, West-Oak High School has recognized gains in achievement.

One tremendous gain is noted in the creation of our Professional Learning Community model. Recent research provided a focus for the creation of our model, indicating that teachers in a typical high school do not have enough time during the day to work together to reflect, analyze, plan and review the work of their students. The Professional Learning Community has allowed us to increase our collaborative efforts and begin to ReThink! instruction and assessment.

We also created a new mission and vision statement for West-Oak High School with the assistance of students, parents, faculty and staff. The new mission focuses on the education, engagement and empowerment of learners. We are excited to be able to use this mission to drive us forward as we continue to improve.

Student achievement continues to improve at West-Oak High School. We graduated the largest class in recent history at West-Oak in June, with over 160 graduates who earned a total of \$2.5 million in scholarships. The senior class featured a National Merit Semi-Finalist, one student with twelve years of perfect attendance and one of twelve statewide Technology Champions, among others. We are very proud of these accomplishments. We celebrated a move to AAA this year, and our athletic teams rose to the challenge. We have seen the bar increased for us, and we were successful in each of our athletic endeavors. We hope to continue to see the bar raised for all of West-Oak High School.

West-Oak teachers and guidance counselors continued to develop and improve the planning process with our students. Individual Graduation Plans will help our students to set graduation goals and identify an interest in career clusters. Next year, we will expand our Senior Projects into a four-year project that begins in the ninth grade and aligns itself with the individual graduation planning process.

We plan to continue working with our students, parents, and community to improve the educational opportunities at West-Oak High School in the years to come. Our goal is simple—we want to provide the absolute best education for our students.

Dr. Scott M. Smith, Principal  
Sheila Davis, SIC Chair
