Report of Principal and School Improvement Council

Lower Richland provides students with the opportunity to meet their academic and social needs with a focus on the student's future. Academically, we completed our second year as an International Baccalaureate (IB) School. IB students and those in our Advanced Placement classes gain credit for college through these courses of study. Lower Richland also offers students smaller learning communities, such as our Freshman Academy, the School of Business and Engineering, the School of Arts and Humanities, the School of Health and Human Services, and the Freshmore Summer Experience. Our reading initiative through the Smaller Learning Communities Adolescence Literacy Grant continues to provide reading instruction to selected ninth-grade students. We are a full-service school and all students are offered an educational program to meet their individual needs.

We are also a High Schools That Work Site (HSTW) and a Positive Behavior Intervention Site (PBIS). These are programs made possible through the State Department of Education for the betterment of our students academically and socially. Students in our aviation program were exposed to career possibilities in air traffic control while developing leadership skills. Our PBIS initiative supports administrative efforts to create an environment that focuses on students and faculty displaying the character traits of respect and responsibility. Our advisor/advisee program also supported the HSTW and PBIS initiatives.

Students at Lower Richland are engaged with the local community through numerous service opportunities. At the Women's Walk Against Breast Cancer, our cheerleaders had the largest number of team participants and raised the most funds. Our JROTC unit accumulated service hours at many venues and was recognized as a National Honor Unit. In addition, students in the Teacher Cadet Program provided service to feeder elementary schools throughout the year.

Lower Richland students excelled in extracurricular activities as well. Our boys' basketball team captured the Region V 4A championship for the fourth year in a row. The Lady Diamond Basketball Team won the State 4A Basketball Championship for the second year in a row. Our student-athletes have received college scholarships in baseball, football, and track. Our Career and Technical Education students have won district and state level awards and hold state office in the Future Business Leaders of America and the Family, Career & Community Leaders of America. Several students attended national conferences in their areas of expertise. Lower Richland students also attended Boys and Girls State, a program which allows them to become familiar with government processes.

Lower Richland is a community where all stakeholders are important. PTSA sponsors scholarships for students of members; School Improvement Council assists the administration in outlining school goals; and our Booster Clubs provide additional financial support for student activities. We can proudly state that "Great Things Come from Lower Richland High School!"
