SC PERFORMANCE GOAL

2010 Goal:

By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

When looking at this school report card, there are many columns and rows of numbers, percentages, and results that reflect how Aynor High School ranks as compared to other schools "like us" across the state. While it is true that these scores are a reflection of our testing performance, they at the same time do not show all that goes on in the school setting. Our faculty and students have worked hard the past year preparing for end-of-course tests in English I, Algebra I/Math Tech II, Physical Science, and U.S. History. Teachers spent many hours in staff development over the summer and during the school year to be well versed in all areas of these subjects as we strive to help students master test assessments. At the same time, we developed focus groups as we prepared our second year high school students for the HSAP or "exit exam." There was instruction throughout the year focusing on the standards for this important exam.

In addition, there were tutoring sessions offered during and after school and two on Saturday mornings. In other areas, our SAT scores still remain above the state and national average. Our graduating class of 2008 received in excess of two million dollars in scholarships and grants. Our Academic Olympic team defended their district title as Horry County Schools' champions, our FFA soil judging team were state champions and represented our school and the state at the national competition in Oklahoma. Our Fine Arts department continues to excel in all areas, with numerous students winning art awards, and our chorus, band, and orchestra groups have increased numbers in All-County and All-State competition. Our Fine Arts Department also produced a very successful performance of "Oklahoma" in the spring. There were many other accomplishments in athletics and club activities that are too numerous to name.

Also during the past year, we completed the final year of our three-year literacy initiative with Literacy First. This program helped us as a school to bring literacy to the forefront in all curriculum areas. We developed word walls, strategies for re-enforcing literacy across the curriculum in all subject areas and had twenty minutes of independent reading daily. We saw an increase in lexile reading levels and an improvement in our ELA scores in the 2007 school report, but the area that pleases us the most is our circulation numbers in the media center. In one year, we increased our books checked out from 4.6 books a year per student to 7.5 books per student. This is a dramatic increase of which we are extremely proud. Our hope is to develop life-long readers, and I believe these numbers show we are headed in that direction. Even though we have completed this three-year literacy focus, we still plan to maintain and look for areas where we can improve literacy.

As a faculty/staff, we are always looking for new ways to improve and expand our curriculum. We are always looking for staff-development opportunities and hope to be able to expand our AP course offerings in the coming years and to encourage more students to take the "AP Challenge" by enrolling in these courses. We look forward to meeting the challenges ahead of us and educating your student.
