SC PERFORMANCE GOAL

2010 Goal:

By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Lakewood High, a recipient of Palmetto Gold and Silver awards, has completed an extraordinary year, with students, faculty, and school organizations receiving recognition for superior achievements. Lakewood's theme for the year was "Navi-Gators: Following the Path to Excellence." As a result of the dedication and hard work of the students and staff, along with support of parents and community, we have had a very successful year.

We continue to emphasize rigor and relevance in the curriculum and are committed to providing each and every student with the highest-quality education as we challenge them to prepare themselves for the future. One of the avenues that we charted this year was the implementation of the "High Schools that Work" model. With one of its initiatives in mind, we revised the Gator 411 Program and added "mini" block to provide in-school time for tutoring, credit recovery, and test preparation. In addition, this time was used to enhance reading skills with the Self-Selected Reading program and to improve writing skills by using a variety of preselected and impromptu prompts.

Because students perform better when positive relationships with adults exist, developing good relationships with others within the school and outside in the community remains an important priority. The Gator Advisory Program (GAP), which gives each student another opportunity to interact with an adult staff member, has been enhanced. Using the homeroom setting for GAP gives students and staff a chance to get to know each other in an informal setting since students are not necessarily taught by their homeroom teachers. These monthly meetings continue to build strong and productive relationships.

Lakewood continues to strive for academic excellence while offering a comprehensive extracurricular program to provide opportunities for students to develop and enhance special talents and abilities. The Freshman Academy continues to provide a comfortable transition and support for ninth grade students as they enter their first year of high school. We also continued our laptop initiative, which provided a laptop to all freshman and sophomore students. In addition, approximately half of the faculty has a Promethean board in the classroom. Technology for our students and staff continues to be a high priority at Lakewood.

Lakewood High School is an educational environment where students are given high expectations and provided with support to achieve success academically and socially. Lakewood High depends on the total involvement of the students, staff, parents, and the community as we continue to follow the path to excellence.
