SC PERFORMANCE GOAL

2010 Goal:

By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

College Park Middle school serves approximately 710 students in grades 6, 7, and 8. We are committed in our efforts to improve learning for all through the implementation of several key initiatives -- the driving force behind all that we are doing in our school. We continue to work toward effectively implementing the ten key practices of Making Middle Grades Work (MMGW). We are committed to emphasizing the 3 R's (Rigor, Relevance, and Relationships) in each and every classroom. We emphasize the use of our school wide data as a means of focusing on improving student and teacher learning. Our NO ZERO policy continues to be in effect. Once again, we have seen record lows in the number of retentions and students required to attend summer school for promotion.

Positive Behavior Intervention and Support (PBIS) is another key initiative in our school. We continuously teach behavioral expectations to our students. A major part of our PBIS implementation is to acknowledge those students who consistently demonstrate appropriate behaviors. CARES cash is given to those students as a means of a reward. Students have "spent" their CARES cash on a variety of things including school supplies, dances, and movies. We have looked at our data and like what we see. Office referrals were down 26% from the previous school year. This translates into more time spent in class and less time spent dealing with discipline issues.

Our teachers are committed to working as Professional Learning Communities (PLC's). They meet regularly and concentrate their efforts on determining the best ways to improve and enhance student learning. Teachers focus their meetings on answering four key questions: What are the essential skills we want student to learn? How will we know if they have learned it? What do we do if they have learned it? What do we do if they have not learned it? Our teachers have responded by developing a system to provide students additional opportunities to learn and master the material taught in class. We have developed a plan for offering extra time and help to those who need it. Students from Stratford High's Youth Court continue to provide tutoring during the school day to those who need it. Saturday School is also offered as an intervention to those students who are in need of additional time outside to the traditional school day.

Our students and teachers continue to receive recognition for their outstanding work and achievement. Two students were recognized as Duke Tip Scholars; ten students were named as South Carolina Junior Scholars. Our Level 1 Science team won first place at QUEST. Thirty-five students were named All-County Chorus; eight were named All-County Band. Three were selected as All-Region Band. Eight were selected for All-County Orchestra. One student was selected as All-State Orchestra. Our teachers received accolades as well. Kelly Hankins was a district finalist for Berkeley County teacher of the Year. Three teachers, Deanna Harrell, Kelli Roberson, and Judy Stevenson earned National Board Certification. We are proud of all we have achieved during the 2008-2009 school year!
