** Districts with Students Like Ours are districts with Poverty Indices of no more than 5% above or below the index for this district.

NAEP*

* Performance reported for SC and nation, data not available at school level. Percentages at NAEP Achievement Levels.

SC PERFORMANCE GOAL

2010 Goal:
 By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:
 By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF SUPERINTENDENT

As a quality public school system, the Abbeville County School District is committed to fulfilling our vision as a model of excellence in education. The 2009-2010 school year was a challenge with all the budget cuts we faced and the decisions that had to be made as the district struggled to overcome our loss of funds. Through this very difficult time, we still made impressive progress. Abbeville County Career Center and John C. Calhoun Elementary received the prestigious Palmetto Gold Award while Cherokee Trail Elementary, Wright Middle School, and Dixie High School received the prestigious Palmetto Silver Award. John C. Calhoun received the Gold award for closing the achievement gap for African American and Free/Reduced students that met end-of-year performance in both ELA and Math and for African American students that met growth in achievement criteria. Dixie High School received the Gold award for closing the achievement gap for students on free/reduced lunch that met the end-of-year performance for on-time graduation rate. Another impressive accomplishment is that this year's graduating students received \$2,059,050.00 in scholarships. I commended the dedicated educators who continued their efforts to take the educational opportunities for our students to an even higher level of learning and success.

While it is our hope that every student, teacher, and staff member takes pride in the improved instructional performance of our young people, there remain areas that require our attention. We are continually searching for more effective ways to improve the instructional environment for all our students in Abbeville County. This year our emphasis has been placed on engaging students of all levels in educational experiences that ensure success and lifelong learning through the use of Individualized Graduation Plans (IGP), career counseling, advanced placement courses, and the addition of a pre-engineering course available at the career center. We continue to improve our use of technology in the classroom with the installation of more SMART boards, SMART tables, and visual-presentation equipment at several of our schools. This technology provides teachers with the tools to bring lessons to life while capturing the attention of and further engaging students in the learning process. As a district, we are making a conscious effort to live up to our mission to develop proficient, creative, self-motivated students by providing quality educational opportunities in a safe, nurturing environment. It is our desire that this environment will support innovations and encourage lifelong learning.

With the support of our school board and the dedication of our teachers, administrators, support staff, students, and parents, Abbeville County School District strives to continue to be a model of excellence in education.

Ivan Randolph, Ph.D.
