SC PERFORMANCE GOAL

2010 Goal:
 By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:
 By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF SUPERINTENDENT

The mission of Hampton County School District 2 is to ensure that all students reach their potential by providing challenging educational experiences. Hampton School District 2 consists of three schools—Estill Elementary, Estill Middle, and Estill High. The district serves approximately 1,050 students.

Education is an adventure that requires a commitment from all stakeholders. To that end, we are hoping that every parent, business entity, and community leader will assist us in achieving our goal of providing our students with a quality education that will enable every student to function in a global society. All of us—parents, teachers, administrators, community leaders, and businesses—must be committed to providing a quality education for all of our students.

The District is implementing research-proven programs to promote our students' academic success. Although the district has made a significant attempt to provide research-proven programs, we realize that our students play an important role in the educational process. Each student must put forth the effort that is required for them to be successful.

In order to provide our students with a quality education, we must intensify our efforts to attract the most committed, capable, and caring educators. Although recruiting is a significant challenge, the district is committed to ensuring that each classroom is taught by a teacher who possesses the aforementioned characteristics. To ensure continuous improvement within our current teaching staff, the district offers continuous professional development opportunities for the teachers who are currently employed by the district.

By making data-based decisions, exploring the use of different curricular frameworks, and offering relevant staff development, Hampton County District 2 will continue to evolve into a premier school district.
