REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

At Limestone-Central Elementary School, children are our first priority. Preparing our students to be responsible, productive, life-long learners is the foundation for our educational program. Therefore, during the 2009-2010 school year, the faculty and staff worked diligently to meet the needs of individual learners and enable each student to be successful at the next academic level.

A variety of instructional strategies were utilized to provide inquiry-based learning across the curriculum according to the South Carolina academic standards. Focus initiatives were reading intervention for small groups of students in kindergarten through second grade, differentiated instruction in reading and mathematics across grade levels, and implementation of a new mathematics curriculum and on-line resources.

Diagnostic information from multiple forms of assessment was used to assist teachers in developing small, instructional groups and as the basis for continued reading intervention. End-of-year assessment data will be analyzed for forming instructional groups for the upcoming school year.

Students at Limestone-Central had the opportunity to be recognized monthly for excellence in the classroom by receiving the "Great Grizzly" award. Participation in service learning projects such as Jump Rope for Heart, the Salvation Army canned food drive, and Relay for Life allowed students to further develop positive character traits. These opportunities will be continued and expanded for the 2010-2011 school year.

Business and community partnerships continued with The Timken Company, supporting the Lunch Buddy program for our students. The 2010-2011 school year will bring a renewed effort to augment these relationships.

Thank you for your continued support.
